

CUFF NOTES

that he can hand out the flattery.

We won't be flattering anyone when we say that the mighty Eagle took Western for a tumble last Saturday night. Georgetown is coming up for this Saturday night, which will be our first home game. Let's all be there with the team know we're backing them.

There are probably a lot of us who had some backing now. This is really a busy time for most of us. Some of the girls remaining around are going to have to have boxes to carry around the house under their eyes. No kidding, though, we have never seen

so many tired people, and to think that in this truck we have those final exams starting up in the face. If anyone asks you why so many people are burning "late night" off—remember—we're studying! Probably a lot of people are wishing they could take chloroform and end it all right now. Hummm. Not a bad idea. But say—why end it all right after it's all over? Think what we have in store for down—a big vacation, hope, food, and—ummm—sleep. Sounds good, doesn't it, after hoping it is. Besides this, we also next quarter, which will begin hope to see everyone back again here next for the initial meeting.

We're very sorry to say that there will be at least one person

who won't be back. Bill Miller and others have expressed the desire to become members. Plans are being made and a program which will be in operation at the first of the winter quarter.

The faculty committee for the club consists of Mr. G. C. Banks, Mr. W. B. Jackson, and Mr. V. A. Bolen, who is chairman of the committee and club sponsors.

This is the first organization of the YMCA group in the Morehead campus since the fall of 1942.

A chapter of the YMCA was organized in Thompson Hall last Monday night, when a group of men students and faculty members met for the initial meeting.

Officers for the group were elected as follows: President, Clayton Turner; Vice President, Henry Bailey; Secretary, Leon Bates; Treasurer, Paul Harris; Sargent at Arms, Park Prater. Approximately 25 men were

present at the organization meeting, and others have expressed the desire to become members. Plans are being made and a program which will be in operation at the first of the winter quarter.

When You Ask For

"THE JOB HAS BEEN WELL DONE"

— Secretary of War Patterson

"The transportation requirements of this war have been tremendous. The part played by the railroads of America in meeting these requirements has been so outstanding and of such a high degree of efficiency that it reflects great credit upon railroad transportation generally and upon the officers and employees of the individual railroads which make up the whole. The job has been well done."

— Excerpt from a letter of the Hon. Robert H. Patterson, Secretary of War, addressed to the Association of American Railroads.

Thanks, Mr. Secretary, for this tribute!

As a part of the great railroad industry, the Louisville & Nashville Railroad, with its 34,000 employees, a 42 million-dollar expenditure for improvements, and its splendid public cooperation, helped to make this fine performance possible.

With a further improvement program of 30 million dollars already authorized,

the "Old Reliable" is moving forward. It wants its peace time service also to warrant public recognition, good will, and patronage.
